BIO-ANTENNA

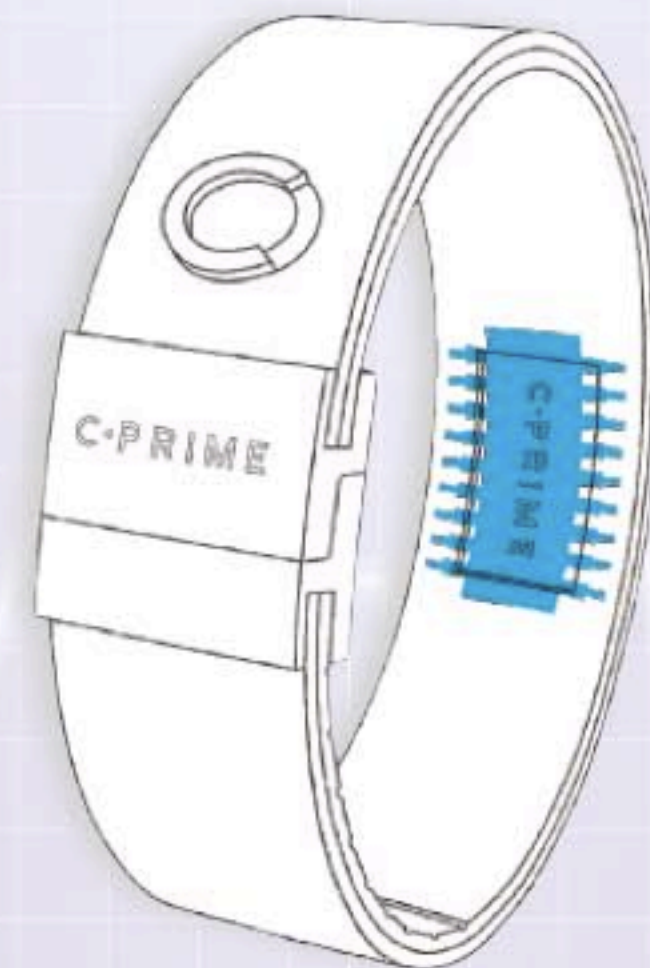

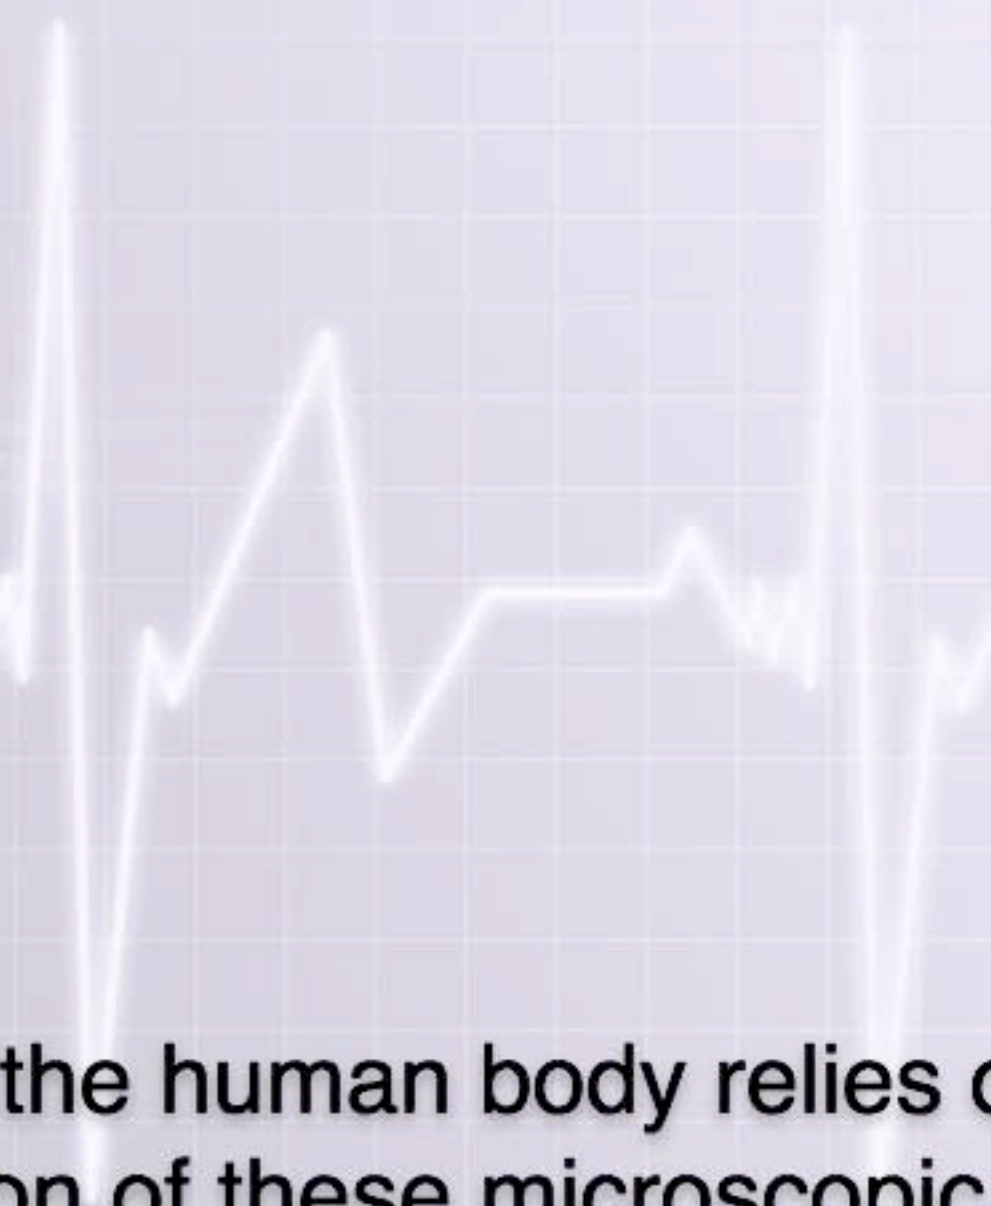

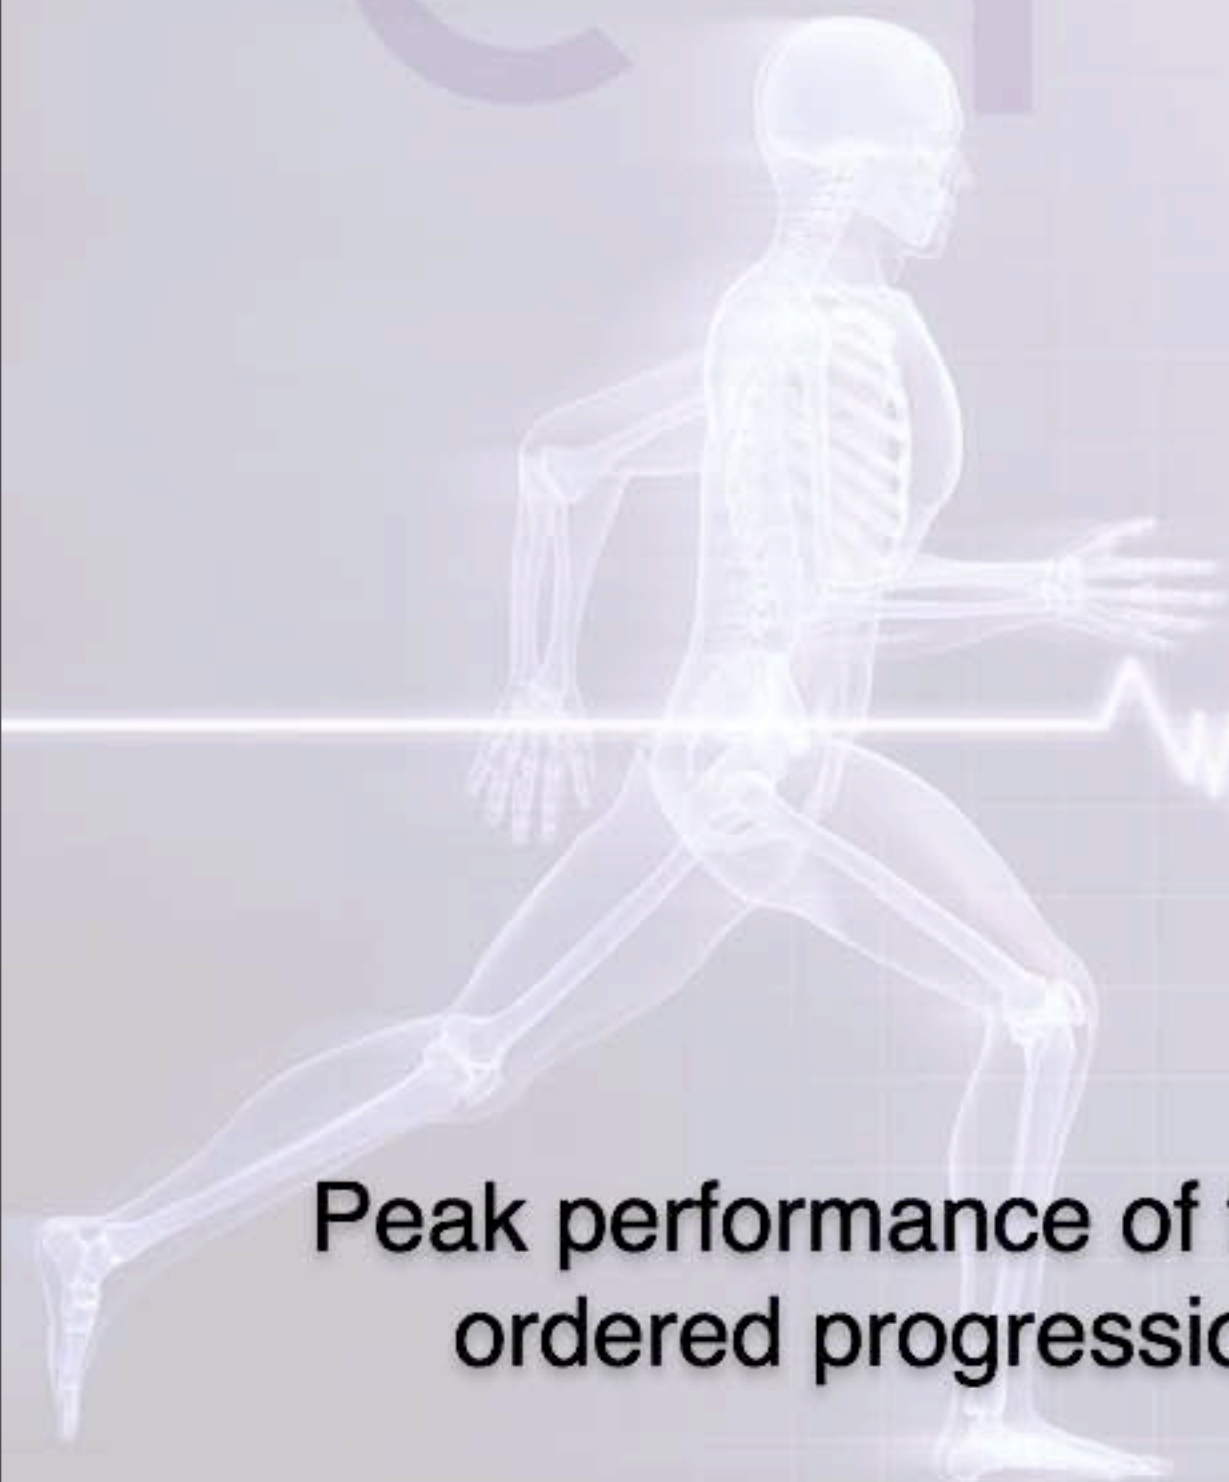

FOR THE HUMAN BODY

C·P·R I M E

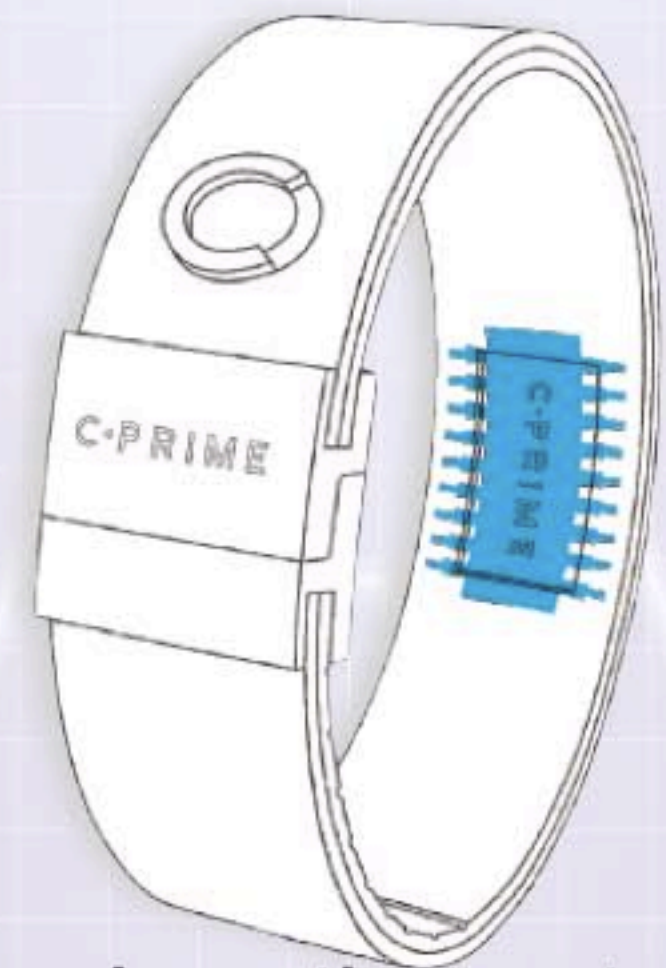

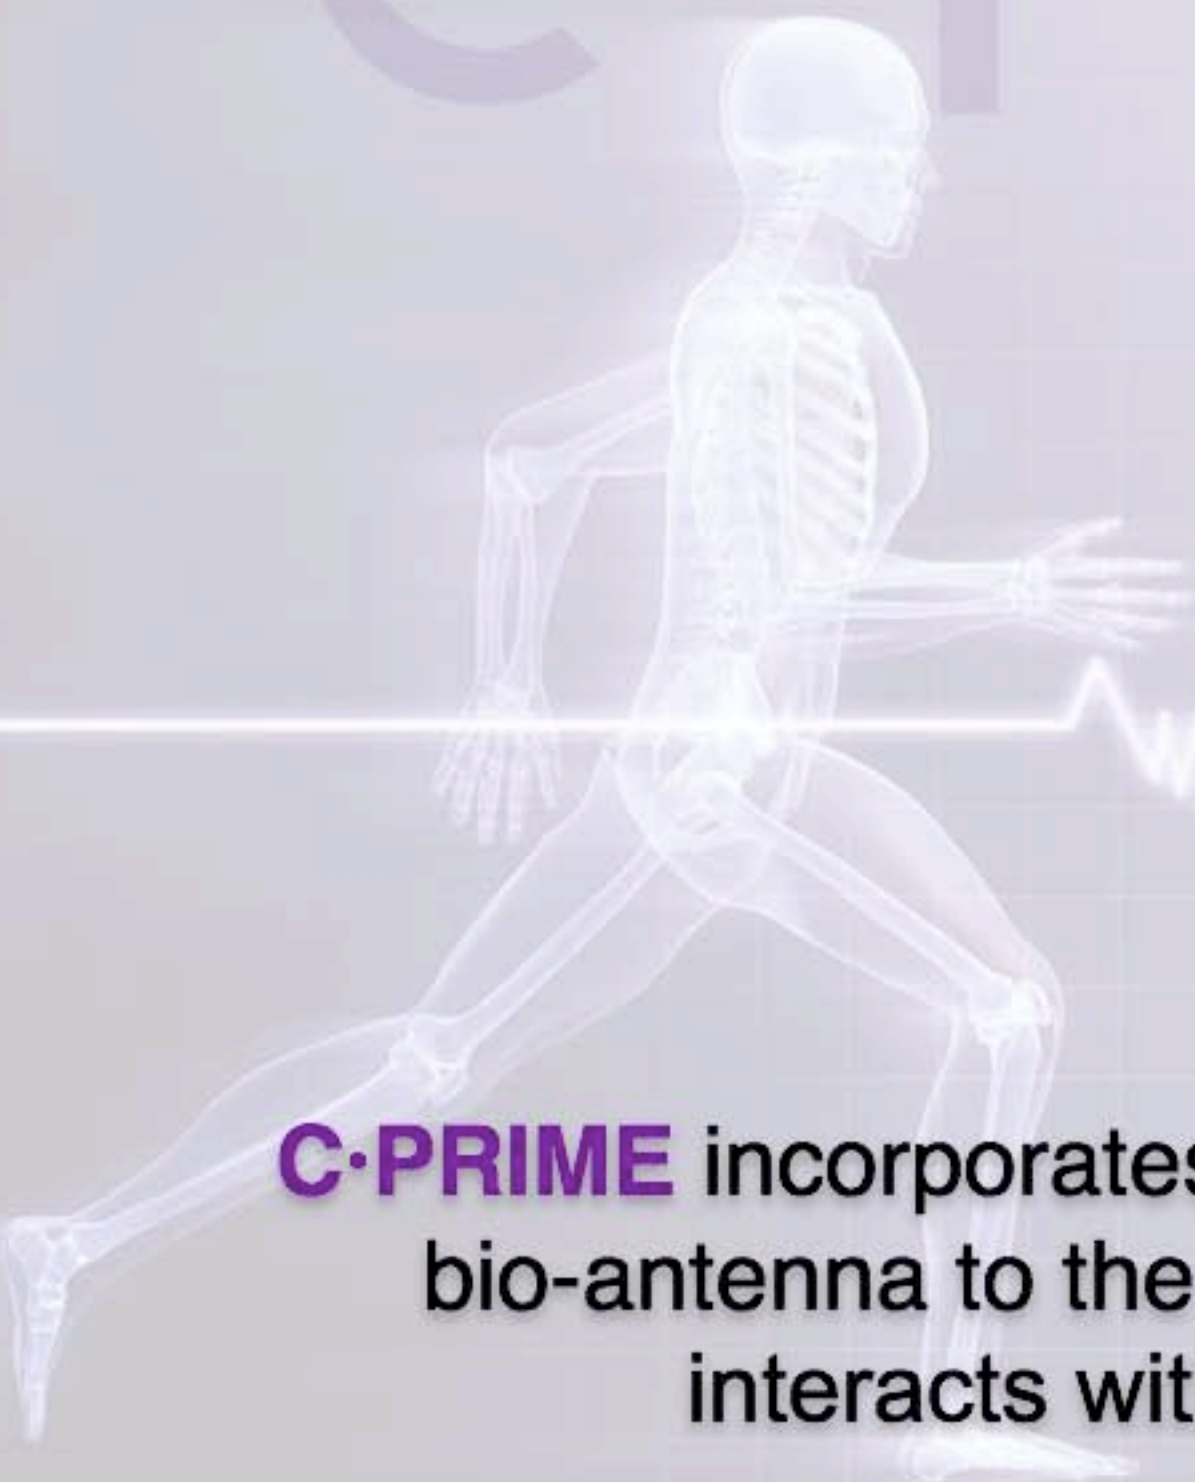

Every bio-chemical event in the human body is preceded by an exchange of electrons at the microscopic level.

C·P·R·I·M·E

Peak performance of the human body relies on a coordinated and ordered progression of these microscopic electrical events.

C·PRIME

C·PRIME incorporates a patent-pending technology that acts as a bio-antenna to the human body, altering the way your body interacts with its electromagnetic environment.
